CROCODILE ROCK

There has never been a better time to expand your bag collection than with the addition of a Rida Zafar. Dubai-born designer Rida's latest collection boasts a variety of roomy totes and stylish clutches all in luxurious exotic skins, such as crocodile and python. Rida's bags are made to order, giving them that extra special touch. Or they can be found at 'O' Concept Store, Jumeirah. www.ridazafar.com

Punked up pearls

Banish all thoughts of wearing pearls strictly with a Hepburn-inspired LBD or knitted twin set. Monaco-based jewellers Misaki have given a new lease of life to the pearl industry with a range of contemporary pieces that can be worn as easily with those faded jeans as with a cocktail dress. Misaki can be found at Tanagra stores.

August FASHION REPORT

A NEW CLASSIC

Known for their free-flowing and colourful dresses, local fashion house Glamonyou has recently released its resort collection. Filled with billowing floor-skimming dresses and printed kaftans in the richest jewel tones, this collection screams beach chic. So ditch the tatty T-shirt and stock up on a few look-at-me brights to don in the sun. Available at Salem and Soiree boutiques, and www.glamonyou.com

TRUE BLUE

Take the lead from fashion's newest darling, Kate Middleton, and opt for a sapphire and diamond combo to garner serious jewel-jealousy. Simply add a LBD and take your turn in the spotlight - ready to dazzle by day and by night. Diamond and sapphire necklace DhsPOA David Morris. www.modastouch.com
