Caroline Holmberg, 30, adds vintage accessories to her bright shift to give an edge to her uber-glam style

1
Glam On You dress

"The Dubai-based designer marries the elements of bright colours and flowing fabrics perfectly. Two of my favourite trends in one!"

2
Vintage bracelets

"I like using jewellery to inject my personality into an outfit, creating an eclectic mix of pieces."

The Low-Down

Caroline, Director at Sept PR, loves teaming colourful designer dresses with statement accessories for a Hollywood glamour look with a vintage twist. Ooh la la! When it comes to shopping, the PR guru heads to her home town of Stockholm to scout out the hottest new designers and to London for her staples. Her ultimate dream buy? An Oscar De La Renta party dress is right at the top of her wish list. Don't we all, Caroline...

The Outfit

"Block colours are a key trend at the moment and I love the opportunity to mix and match bold brights. The dress is fun and floaty, ideal for the Dubai weather, and the gold clutch adds a touch of glamour and sparkle. My accessories are a mix of vintage classics and contemporary pieces which create a diverse and unique look."

4
Vintage Rolex

"This watch belonged to my grandmother. It is very dear to me and I love it as it reminds me of my family who are incredibly close."

3
Michael Kors clutch

"I'm a big fan of Michael Kors' accessories and this gold clutch brightens up any look. It stores a surprising amount of items, too!"

5
Glam On You necklace

"Statement accessories can really make an outfit. I find it fun to experiment with bold colours and clashing colours." (1)
