TO YOU DUBAI IS..

Dubai is a cosmopolitan, vibrant and modern city. I love this place because it is here that I met my husband, started my own business, raise my daughter and met wonderful people who have become lifelong friends.

YOUR STYLE ICON..

I really admire Elle McPherson. All through the years I have not seen her wearing an outfit that doesn't suit her. Whether she wears something casual or for something for an elegant night out, she always gets it right.

YOUR MOMENT OF PRIDE..

Women wearing a custom made GlamOnYou dress for their wedding.

YOUR TYPICAL DAY..

Sometimes I wish I would have one ...

YOU CAN'T LIVE WITHOUT..

The laughter of my little girl!

BIGGEST HURDLE CROSSED..

To find a good balance between motherhood, job and "me" time. But I think I still have to work on the last one!

YOUR VISION OF THE FUTURE..

Too many, but surely to see GlamOnYou worn by women on all the continents.

YOUR MOST IMPORTANT LIFE LESSON..

Everything happens for a reason!
